

# PASSENGER

## MORE ROOM TO MOVE.

Ever feel the need to haul a basketball team – or two? The new Freightliner Sprinter Passenger Commercial Utility Vehicle (CUV) meets that need with room for up to 10 adults, best-in-class\* interior roof height of up to 6'4" and best-in-class\* interior compartment accessibility. Stand up, sit down and stretch out. We've also taken the hassle out of getting in and out with best-in-class\* side step-in height and a large 6' X 4'3" entry.

Inside, the interior merges comfort and functionality with generous accommodations and ergonomically designed controls. What's more, you can travel with the peace of mind of having Adaptive ESP<sup>®</sup>†, driver/front passenger airbags<sup>‡</sup>, available thorax and side-curtain airbags and 3-point integral seatbelts and adjustable headrests on all seats. Rethink your business with the new Freightliner Sprinter Passenger CUV and start doing more with more.

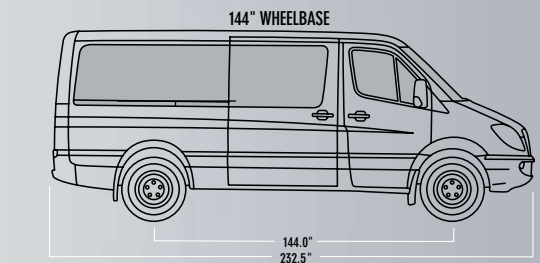

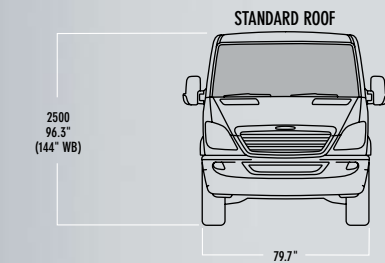

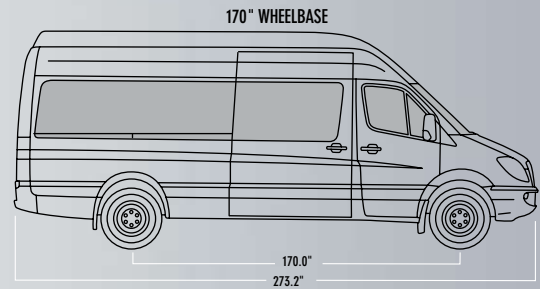

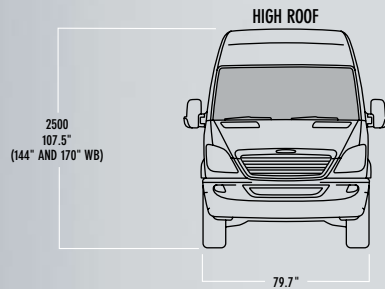

Powered and designed by Mercedes-Benz.

\*Based on Automotive News classification.

† No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.

‡ Always use seat belts. In Freightliner Sprinter Passenger CUV, children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and size.
